

Event Perfekt Global Ltd

Health and Safety Policy

Effective Date: 15 July 2025

Review Date: 15 July 2026

1. Introduction

Event Perfekt Global Ltd ("the Company") is committed to ensuring the health, safety, and welfare of all employees, contractors, suppliers, clients, and event attendees. We recognise our legal and moral responsibility to provide safe working conditions and to prevent injury, illness, or harm during the planning and delivery of events.

This policy outlines our approach to health and safety management in accordance with the Health and Safety at Work Act 1974 and relevant UK legislation. It applies to all activities undertaken by the Company, including venue sourcing, event setup, live delivery, and post-event breakdown.

2. Objectives

Our health and safety objectives are to:

- Prevent accidents and work-related ill health.
- Provide safe equipment, systems, and working environments.
- Ensure all staff are competent and trained in health and safety matters.
- Engage with stakeholders to promote a culture of safety.
- Continuously improve our health and safety performance.

3. Responsibilities

The Managing Director holds overall responsibility for health and safety. Operational responsibility is delegated to the Health and Safety Lead, who ensures that:

- Risk assessments are conducted and reviewed regularly.

- Control measures are implemented and monitored.
- Staff receive appropriate training and supervision.
- Incidents are reported, investigated, and resolved.

All employees and contractors are required to:

- Take reasonable care of their own health and safety.
- Follow safety instructions and use equipment properly.
- Report hazards, near misses, and unsafe practices immediately.

4. Risk Management

We conduct detailed risk assessments for every event, covering:

- Venue layout and access routes.
- Equipment setup and electrical safety.
- Crowd control and emergency procedures.
- Weather-related risks for outdoor events.
- Contractor and supplier activities.

Control measures are documented in our Event Risk Register and reviewed during planning meetings. High-risk activities are subject to additional oversight and insurance coverage.

5. Incident Reporting and Investigation

All incidents, accidents, and near misses must be reported to the Health and Safety Lead within 24 hours. A formal investigation is conducted to:

- Identify root causes.
- Implement corrective actions.
- Update risk assessments and procedures.

Serious incidents are escalated to senior management and, where applicable, reported to the Health and Safety Executive (HSE).

6. Training and Competence

All staff receive health and safety induction training upon joining the Company. Role-specific training is provided for:

- Manual handling.
- Fire safety and evacuation.
- First aid awareness.
- Working at height and equipment use.

Refresher training is conducted annually or following any policy updates. Contractors are required to provide evidence of competence and relevant certifications.

7. Event-Specific Safety Planning

For each event, we develop a bespoke Health and Safety Plan that includes:

- Emergency contact lists.
- Evacuation procedures.
- First aid provision.
- Security and crowd management protocols.
- Contractor coordination and access control.

This plan is shared with all delivery partners and reviewed during pre-event briefings.

8. Monitoring and Review

Health and safety performance is monitored through:

- Site inspections and audits.
- Staff feedback and incident logs.
- Post-event evaluations.

This policy is reviewed annually or sooner if required by changes in legislation, operational scope, or incident trends.

9. Contact Information
